

Another month has passed and we are in to the final stretch of 2020. This has been a year that no one will ever forget. In some ways it has seemed like the longest year of our lives but in other ways it has flown by. We have done so much over the year and this past month is no different. Have a look at what we have been up to...

## Chaeli Campaign Classic Golf Day

The COVID Pandemic meant that our fundraising events for the year were cancelled, however, once we dropped down to lockdown level 1 we began planning for our annual golf day. Even though it was not the traditional golf day we are used to we had several of our regular four balls (and a few new ones) join us at Clovelly Country Club on 05 November. The golfers had a wonderful time and we are thrilled that they joined us during uncertain times.

Thank you to our generous sponsors whose support meant that we could put together amazing prizes for our four balls:

Bruce Wilsnagh, [Cape Sidecars Adventures](#), [Century City Hotel](#), [Double Tree by Hilton Hotel Cape Town](#), [Eagle Lighting](#), [Ernie Els Wines](#), [Eurolux](#), [Folk Cafe](#), [Ina Paarman](#), [Jakes Restaurant](#), [Residence William French](#), Selwyn Eagle, [The Galileo Open Air Cinema](#), [The Goose Wines](#), [The Kove Collection](#) and [Blanko Restaurant](#), [UCOOK](#) and [Addis](#).

## Nikki's Run

On 22 November, the day before her 32nd birthday, Nikki Kemp attempted her first full marathon. What makes this remarkable is that Nikki is cerebral palsied and only started her running career in April 2019. With the support of her running mate, Sharron, and several other incredible individuals she ran from Bergvliet Sports Association to Jubilee Square in Simon's Town and back again. It was a tough morning for her but she did it! In just over 6 hours she ran 42.2km and finished with a smile on her face! She used her first marathon as a fundraiser for the [Chaeli Sports & Recreation Club](#), our sister organisation that promotes running, cycling and dancing for adaptive athletes and individuals living with disabilities.

## CHAEI CAMPAIGN BLOG

### Chaeli Cottage Preschool registrations are open

Chaeli Cottage Preschool hosted an open day this past weekend and there is a feeling of excitement in the air for what the new year will bring. New little faces lit up as they explored the school and made new friends while parents chatted to Teacher Debbie and our occupational therapist, Rosemary.

If you are looking for a happy and nurturing inclusive preschool for your little one email [ecd@chaelicampaign.co.za](mailto:ecd@chaelicampaign.co.za) for a registration form.

### Have you seen our blog?

Our website features a brand new [blog](#) where we share Stories of Hope. Every month we share the remarkable stories of differently abled individuals who are involved with The Chaeli Campaign in some way or another. Next month's Story of Hope focuses on Mpumi, who also happens to be Brand Ambassador of the Chaeli Sports & Recreation Club.

Keep your eyes peeled as we will soon be adding *Messages from Mom* to the blog, where Zelda, CEO of The Chaeli Campaign, will be sharing her own stories and anecdotes.

### The gift of independent communication for Kudzai

We are still hopeful that we can help Kudzai receive the gift of independent communication this Christmas. A new laptop and specialised software, Eyegaze, will allow Kudzi to communicate with his friends, family and school peers without the assistance of a facilitator. Your donation, no matter how big or small, could open an entire new world for Kudzai.
